PROFESSIONAL EXPERIENCE

Lead Developer
Live Carts (Shopify App) | Remote   Mar 2024 - Present
- Architected and developed a Shopify app for gathering user analytics, utilizing Ruby on Rails for backend and React for frontend
- Implemented multi-database architecture, ensuring data isolation and security for each customer
- Integrated complex data analytics features to provide valuable insights for Shopify store owners

Mobile Application Lead
Letmegrab Pvt Ltd | Surat, IN   **GitHub**
                                                                       Mar 2023 - July 2024
- Led a 4-person mobile development team in creating a marketplace application rivaling Amazon's functionality
- Implemented an Instagram-style story feature, enhancing user engagement and content discoverability
- Designed and integrated a complex, dynamic 3-level filter system similar to Amazon's, improving product search and navigation
- Translated intricate Figma designs into highly detailed UI/UX, ensuring a seamless and intuitive user experience
- Orchestrated development across three interconnected apps: customer-facing (Letmegrab), seller-facing (Letmegrab Business), and admin panel
- Utilized Flutter and Kotlin to implement features like BLE, widgets, WebSockets, and GraphQL integration
- Spearheaded successful e-commerce project migration, implementing new design and admin panel functionalities

Mobile Developer
Freelance | Remote   Jan 2023 - Mar 2023
- Developed Budlinks a social media app fostering connections and community engagement, increasing user interaction by 40%
- Created Activatest an online testing platform facilitating efficient assessment and evaluation, serving over 1000 users
- Designed Amtiss a heavy machinery management app, optimizing operation and maintenance efficiency by 30%

Junior Mobile Developer
Mtzinfotech | Surat, IN   Aug 2021 - Mar 2023
- Contributed to over 25 diverse projects as a Junior Flutter Developer, including chat apps, parking apps, and online testing platforms
- Gained expertise in app deployment to both Play Store and App Store, ensuring smooth release processes
- Developed proficiency in Flutter, Android, and iOS development through hands-on experience with various project types

EDUCATION
VNSGU University - Bachelor of Computer Applications | GPA: 3.3/4.0 | 2018 - 2021
